

**Ms. Bérengère Moindrot, Vitagora,  
France**

Bérengère Moindrot is International Development Manager for Vitagora since January 2020. Her role consists in supporting the international ambitions of the cluster and its members. Beyond its commitment in European and international projects and cooperation with international clusters, Vitagora launched Vitagora Japan office in October 2021 in Kumamoto in collaboration with the Kyushu Bio Cluster Conference and with the support of NARO as a result of more than 10 years of cooperation with its Japanese partners.

Graduated in Chinese language and culture, and then in management, she has been working for 15 years in international relations. She has lived and worked for 3 years in Japan.
